

One of our ponies is for sale!

12'2 Exmoor (unregistered) Gelding.

Zippy has been owned by EUEPTS for 2 years. Last summer he competed in pleasure endurance rides, and he has done pony club activities in the past. He is snaffle mouthed.

He was recently on loan, and became difficult to handle on the ground with this new owner. Since being back with our herd, he has improved dramatically but he needs an experienced, confident and understanding owner. As a trekking section we cannot offer him the consistency he needs, hence his sale.

He would be excellent for a teenage rider wanting to improve their jumping, as he has springs in his feet! Or would suit a family with adults confident around horses.

Home far more important than price.
